

Oakwood University Dietetic Internship Program Type of Experience: **General Medical**
 Week of Supervised Practice 2 weeks Practice Hours 80 Didactic Hours 10

| Planned Experiences | Evaluation Strategies | Signature Completed |
|--|--|---------------------|
| <p>DI 1.1 Participate in hospital and/or unit orientation and review clinical protocol, formats and policies.</p> <p>DI 1.1.2 Work with RDs and technicians by reviewing charts and knowing how the RDs and staff document nutrition services.</p> <p>DI 1.1.3 Observation of nutrition services and review current quality assurance (QA) program.</p> <p>DI 1.2.1 Using Evidence-Based summaries obtained from ADA website to use throughout the program year.</p> <p>DI 1.2.2 Apply evidence to nutrition care plans in clinical case studies.</p> <p>DI 1.2.3 Develop and present an education class as assigned by preceptor.</p> <p>DI 1.2.4 Conduct and/or participate in national Nutrition Month activities and/or in-services for clinical staff.</p> <p>DI 1.3 Using evidence based guide lines, diet manuals, policies and other facility standards, observe staff members who provide nutrition services under direct supervision of preceptor.</p> | <p><i>Preceptor using standards applicable facility policy evaluates interns assessing medical records and chart notes.</i></p> <p><i>Direct Observation.</i></p> <p><i>Preceptor verifies intern’s participation.</i></p> <p><i>Evaluation by preceptor of interns organization skills and how well he/she conducted and evaluated exercise with participants evaluations.</i></p> <p><i>Evaluation of interns use of set standards and protocols by preceptor with co-signature of all chart notes</i></p> <p><i>Preceptor verifies interns participations</i></p> <p><i>Program Director or preceptor reviews completed assignment before presenting/publishing.</i></p> <p><i>Evaluation by preceptor of the use and application of policies standards, protocols, and accuracy and thoroughness for the assigned research project.</i></p> <p><i>Research project should be useful for facility</i></p> | |

| | | |
|--|---|--|
| <p>DI 1.3.2 Identify an area that needs improving with preceptor and conduct a review of literature and supporting documents from other program and facilities then conduct a research project and report justification of changes of current program/products or development of new programs or procedures. For example, a cost-benefit for enteral or parenteral formulary.</p> <p>DI 1.3.3 Using enteral formulary for facility, practice calculations and assessments for patients.</p> <p>DI 1.4 Discuss with preceptor using articles from professional literature regarding new aspects of MNT on topics of interest.</p> <p>DI 1.5 Actively participate in nutrition care rounds and patient case.</p> <p>DI 1.5.2 Develop a case study on a selected patient reviews, review current literature pertaining to your case study and demonstrate awareness and application of HIPAA confidentiality in addition to not listing and personal health information.</p> <p>DI 1.5.3 Prepare a power point presentation on a case study on assigned in-service without identify any patient’s personal data.</p> <p>DI 2.1 Read the American Dietetic Associations’ “Code of Ethics” located at ADA’s website, http://www.eatright.org/adacode.html. Become familiar and perform in accordance with federal regulations and state statutes and rules in accordance with accreditation standards and ADA scope of Dietetics Practice Framework, Standards of Professional Performance and Code of Ethics for the Dietetics Profession.</p> | <p><i>Direct Observation.</i></p> <p><i>Direct Observation.</i></p> <p><i>Direct Observation.</i></p> <p><i>Evaluation by preceptor of participation in rounds and care conferences.</i></p> <p><i>During orientation complete HIPAA training.</i></p> <p><i>Power point presentation must meet preceptor approval and expectations.</i></p> <p><i>Evaluation by preceptor of intern’s capacity to conduct him/herself according to above guidelines meeting or exceeding expected standards.</i></p> | |
|--|---|--|

| | | |
|--|--|--|
| <p>DI 2.2 Using the previous case study or a new one, conduct literature review from the ADA Evidence Analysis website, and/or similar resources, compile the findings and present a concluding statement with supporting evidence for the case presented.</p> <p>DI 2.3 Provide nutrition education to individuals or groups as appropriate and demonstrate effective counseling skills that demonstrate interns improving progression of skills with all patient counseling correctly documented in MNT cases.</p> <p>DI 2.4. Interns must work with other nutrition care and allied health disciplines and achieve desired outcomes.</p> <p>DI 2.5 Interns must work with diet office and kitchen staff on relevant patient info (re: food preferences, nutrient analysis, calorie counts and menu planning) to provide optimal nutritional care.</p> <p>DI 2.6. Interns must make referrals to appropriate programs providers and/or agencies relevant for patients/clients.</p> <p>DI 2.7 Intern must demonstrate initiative by proactively developing solutions to problems in all patient assignments.</p> <p>DI 2.8 Intern must demonstrate the ability to apply leadership principles effectively on all pertinent experiences and assignments to achieve desired out comes.</p> | <p><i>Presentation follows facility guidelines and meets preceptor approval.</i></p> <p><i>Interns counseling skills and effectiveness are evaluated by preceptor.</i></p> <p><i>Observation and feedback provided by preceptor on intern ability to work with team members in and outside the department by using Professionalism Rubric as desired to discuss intern's strengths and weaknesses.</i></p> <p><i>Approval by preceptor/clinical mgr/FSD of intern's style in which he/she accomplishes nutrition care goals with diet office and kitchen personnel.</i></p> <p><i>Evaluation of effectiveness and appropriateness of all referrals by preceptor</i></p> <p><i>Evaluation of these skills by Program Director and/or preceptor with intern meeting or exceeding pertinent standards</i></p> <p><i>Evaluation of these skills by Program Director and/or preceptor with intern meeting or exceeding standards.</i></p> | |
|--|--|--|

| | | |
|--|---|--|
| <p>DI 2.9. Intern must serve in professional and community organizations.</p> <p>DI 2.11 Intern must demonstrate professionalism in areas such as advocacy, customer services, risk taking, critical thinking, time management, work prioritization and work ethics in various pertinent previously assigned topics and in various organizational cultures.</p> <p>DI 3.1 Intern must read and discuss Standardized Nutrition Terminology from Escott Stump (7th ed) Nutrition and DX Related Care, page 971-2 and Nelms, et al. (2011) Nutrition Therapy and Pathophysiology, 2nd ed, Wadworth Cengage Learning chapter 2, 3, 4, and 6) with Program Director/preceptor on how it is applied in that setting and practice writing PES statements for individuals, groups/populations.</p> <p>DI 3.1.2 Intern must review assigned screening information for assigned individuals, groups or populations (re: diet history and risk levels) and identify factors that differentiate low, moderate, or high risk patients/clients.</p> <p>3.1a. Intern must conduct one in-depth nutritional assessment with care plans for assigned patient populations in a variety of population groups and life stages using AD1-ME language even if the facility does not use this language for their facility.</p> <p>3.1b. Intern must identify patient problems from assessments. Nutrition care rounds, patient case reviews and discharge planning session; designate several Nutrition Diagnoses and write PES statements for the nutrition diagnoses.</p> <p>3.1c. Intern must conduct patient interviews, meal rounds and review I and O records and other reports.</p> | <p><i>Observation of intern by Program Director and/or preceptor and document these in organization serve in.</i></p> <p><i>Observation of intern in above qualities with intern meeting and/or exceeding preceptor or Program Director expected standards</i></p> <p><i>Evaluation by Program Director/preceptor of intern's ability to review screening data and need for assessment.</i></p> <p><i>Observation of intern by preceptor demonstrating skills and meeting and/or exceeding expected standards.</i></p> <p><i>Approval by Program Director/preceptor of the intern's content and conclusions from the completed nutrition assessments.</i></p> <p><i>Evaluation by Program Director/preceptor of intern's effectiveness use of diagnostic language for identifying priority nutrition problems for patients/clients.</i></p> <p><i>Evaluation by preceptors intern ability in developing care plan by critiquing work related to analyses, meal round records,</i></p> | |
|--|---|--|

| | | |
|--|---|--|
| <p>-Analyze nutrient intakes for 1 full day using Nutrition Analysis Tool 2.0 or other software.</p> <p>- Plan and coordinate care by working with healthcare team activities to include discharge planning meeting case conferences, nutrition rounds, grand rounds and referral to other agencies/programs/dietitians and then document the appropriate nutrition intervention given.</p> <p>3.1d. Monitor, evaluate and document problems alleviation of new signs and symptoms of nutrition for all assigned cases as well as document the impact of nutrition intervention on diagnose.</p> <p>DI 4.11 Intern must demonstrate ability to document in medical records and other pertinent areas where documentation is required using standardized language of the Nutrition Care Process.</p> <p>DI 4.12 Intern must participate in the coding and billing of dietetics and nutrition services to obtain reimbursement for services from public insurers.</p> | <p><i>documentation, referrals, team round, discharge planning and other interdisciplinary work.</i></p> <p><i>Evaluation by preceptor of intern provides follow-up monitoring and his/her ability to document patient and quality of life outcomes in all patient cases.</i></p> <p><i>Evaluation performed by preceptor of intern's documentation ability with the use of ADIME language and billing /coding procedures properly.</i></p> <p><i>Evaluation performed by preceptor of intern's capacity to complete the reimbursement process with expected standards met.</i></p> | |
